The background of the entire page is a photograph of a tropical island. It features a large, prominent, dark rock formation with some greenery on top, rising from the sea. Other smaller rock formations are visible in the distance. The sky is a clear, light blue, and the water is a deep, vibrant blue with some whitecaps.

TEACHER HEATHER'S GUIDE:

"Teachers are paid very well—my \$1,000 monthly salary was more than enough to cover the cost of living, which was \$200 a month for rent and \$2-3 for each meal. I also tutored on the side to make extra money, which gave me even more money to explore the entire country. Naturally, I did it all. I went diving, attended a music festival, and stumbled upon incredible towns that were too under the radar for Trip Advisor or Travel + Leisure."
